

BETHLEHEM ROD & GUN CLUB

INSTRUCTIONAL ARCHERY LEAGUE

The instructional archery league is going to have two purposes, instruction and to introduce archers to 3D archery. We are looking for archers 8 years of age and older (adults are welcome). For the beginner archers, instruction will be the focus. The more advanced archers the targets will be more challenging and the 3D archery course will be used. This league will be for compound bows and traditional bows, everyone will shoot together unless there are enough participants to warrant making multiple groups. We are looking to begin the first week in June and meet for four consecutive Wednesday evenings starting at 6pm and end 7 – 7:30 or Saturday mornings. There will be a \$10 fee for members and \$20 for nonmembers to help with costs. **It would best if you were able to bring your own bow & arrows** (the club has 3 right-handed bows, one left-handed, arrows and arm guards). **Preregistration is required.** Check the website and newsletter for specific dates and times. Junior must be accompanied by a parent/guardian. For additional info contact Ed @ 845-541-6775 or archerybrgc@gmail.com.

Detach this portion with payment and return to Ed Malle at meetings or archery locking mailbox
