YOUTH ARCHERY TEAM

S3DA ARCHERY PROGRAM

The mission of the Scholastic 3-D Archery (S3DA) Program is to foster, educate and guide youth in the areas of indoor target, 3D and outdoor target archery as well as safe, ethical bowhunting practices. The goal of the S3DA program is to provide archery and bowhunting opportunities for young people in an after-school settings as well as with archery-affiliated clubs and businesses in the community. We provide an effective after-school archery program, focusing on indoor 5 spot, 3-D and outdoor target archery and the certification and tools to deliver the instruction to youth. As a result, S3DA expects to see increased participation in 3-D and target archery by youth and parent archers using compound bow and traditional archery equipment while also helping to increase participation at local, state and national archery events. In addition, S3DA expects to help provide a basic understanding and respect for our natural resources and regulated sport of hunting. **Visit www.s3da.net**

S3DA has a member registration fee and you must register on the s3da.sport80.com website and sign up under Bethlehem Rod & Gun Club in order to participate. We meet two times per month on a weekday evening at 6pm and during the winter months we will practice indoors on Saturday mornings. There are competitions in the three disciplines (indoor, outdoor and 3D archery) which are subdivided by age, gender and bow type. Ages of participants are 8-17 as of January 1^{st} of a competitive season.
